

SMART WATER OPTIONS - NO DAM Getting Involved!

Volunteering on a Market Stall:

Please contact markets coordinator Leandra - 0420704071

Connect in with an established local 'supporter group':

Please email us at waternorthernrivers@gmail.com to find out where the closest active supporter group is to you. We haven't posted the times/days online here as they are subject to change.

Starting your own Group:

One of the core people in WATER Northern Rivers Alliance is happy to come to your first group meeting to bring you up to speed on what's happening, and share what has been working so far.

We require new groups to agree to these 'minimum specifications' to come under our WATER Northern Rivers Alliance umbrella.

This is that supporter groups:

- Bear their own distinctive name
- Adhere to nonviolence
